THE BABY OPERA A BIG SUCCESS

Large Audience Wildly
Applauds Performers.

Production At Grand Last Night Under
Auspices of Daughters of Confederacy
—Opening Numbers Well Worth Price
of Admission—The Little Tots Had
Been Well Trained and They Performed
Their Parts To Perfection.

At the Grand last night a large audience witnessed the performance given under the auspices of the Daughters of the Confederacy and the affair was a grand success, the reception given the small performers far exceeding the fond expectations of those who worked for the success of the occasion. It was truly a Baby Opera, the majority of the performers being from five to eight years old and a number of the tots were just getting so they could maintain their equilibrium while walking.

The costumes were magnificent and the effect was simply marvellous. Each costume had been fashioned for some specific purpose and the colors especially adapted to a certain role. The Little Wax Dolls from Paris and the Yama-Yama boys were perhaps the features of the evening and the former excelled the latter. The little girls representing the wax dolls were the tiniest tots, but they performed their part to perfection. Round after round of applause followed their appearance and many were heard to declare that they would not have missed this one portion of the performance for twice the price of admission.

The performance was under the direction of Miss Katherine Couric, of Effaula, Ala., and to her skill and perseverance in instructing and drilling the children in their parts is due in a large measure the success of the performance. Not once did the little folk waver and when many an older person would have been affected with stage fright they went ahead as if performing before a house full of people was an every day occurrence. To say the Baby Opera was a success is putting it lightly, for everyone was more than pleased and it is likely that the children will be prevailed upon to give a second performance in order that every citizen in the city can see just how well Greensboro's youngest citizens can act their parts behind the footlights.

The opera was given under the auspices of the Daughters of the Confederacy, the proceeds to go towards the Confederate monument fund, and as a result the Daughters have added a goodly sum to their nest egg fund for this purpose.

BIG MAJORITY IS LOOKED FOR

By State Chairman A.
H. Eller.

Believes Butler-Morehead Alliance Will
Considerably Weaken Republican Party—
Expects Democrats Will Have In-
creased Majority—Anson Citizens Con-
testing Location of Southbound Sta-
tion.

Raleigh, N. C., Aug. 24.—Chairman A. H. Eller, of the State Democratic Executive Committee, is here now for the campaign period and is exercising himself especially just now about securing a suitable suit of rooms for Democratic State headquarters, having been unable up to this time to find a place that is thought to be just what is needed as to accommodations and convenience of location. There is a probability of quarters being secured with the Raleigh Chamber of Commerce and the Merchants Association in the Holloman building. Mr. W. E. Brock, the newly elected secretary to the committee, has arrived from Wadesboro and will take up his duties at once. Chairman Eller talks in the most confident way of the outlook for increased Democratic majorities this fall. He expects a strenuous campaign, he says, but is confident that the Butler-Morehead alliance that now dominates the Republican party will be decisively rebuffed at the polls by the people.

The contest between citizens of Ansonville and the Winston-Salem Southbound railroad involving the location of the passenger station that has developed a fight with several sensational turns already, will go into the courts at last, there being an appeal allowed from the ruling of the Corporation Commission that the site outside the town insisted upon by the railroad company was the logical site. It was contended until recently that there was no ground for appeal from the commissioners in that they were acting purely as arbitrators and not as a commission, since the commission has no jurisdiction over a railroad company until it begins its business as a common carrier. However the case is now duly certified to the Anson County Superior court.

The Tri-County Public Service Co., Asheville, received a Charter today with power to build and operate telegraph and telephone lines. The capital is \$25,000 and the principal incorporators are R. S. Howland, William Pharr, Chas. I. Lee.

Sheriff E. P. Brown, of Wilkes county, has just committed to the State's prison four prisoners recently sentenced in the Wilkes county court. D. O. Asher and M. I. Asher, two white, serve eight years and one year for murder; J. A. Huffman ten years for incest and Edie Tugman, colored, five years for infanticide.

SUNDAY SCHOOL PICNIC AT BATTLE GROUND.

The Sunday school of the First Presbyterian church went out to the Battle Ground yesterday on a special train and spent the day on the historic battlefield. Well filled baskets, tubs and huge chunks of ice were carried out and an old fashioned picnic dinner was spread in the pavilion. A load of watermelons came along handy, as if by agreement, and a regular watermelon feast followed. In the afternoon a prayer service was held, this taking the place of the regular midweek prayer meeting. The merry picnickers returned to the city shortly after sundown.

Evangelistic Services At Friends Church.

A series of evangelistic services began at the Friends' church last night, conducted by Rev. Charles Hiatt, pastor-elect of the Friends' church at Long Beach, Cal. A preparatory service was held yesterday morning at 6:30 o'clock, a conference on plans at 3 yesterday afternoon, and the first evangelistic service proper was held last night under auspicious circumstances. Services will be held today at the same hours as yesterday, namely, 6:30 a. m., 3 and 8:15 p. m. All, especially those who have no church home in Greensboro, are invited to attend.

Do not let your chances like sunbeams pass you by, but be at G. F. College Friday night and aid in completing the West Market Street M. E. Sunday school building.

NO NOMINATION IN THE SIXTH

And Primary is to Set-
tle The Matter.

Democratic Executive Committee Hears
Report of Special Committee Appoint-
ed To Investigate—Committee Report-
ed No Nomination—Minority Report
by Mr. Klutz Declared Clark the
Nominee—The Report Discussed.

Raleigh, Aug. 24.—The Democratic State Executive Committee in session here tonight adopted the report of the special committee appointed to look into the situation in the sixth district and report whether or not a candidate for Congress had been nominated and if so who was the legal nominee. The committee reported, through ex-Gov. Aycock, that there had been no nomination. However, a minority report by Mr. T. E. Klutz, of Salisbury, was to the effect that Mr. Clark was the regular nominee. In making this report the minority stated that should the executive committee adopt the majority report this would be quite satisfactory.

After discussing the report at length the report of the committee was adopted and a general primary was ordered to be held in the Sixth district not later than September 15, in which the voters will signify at the polls their preference for Mr. O. L. Clark or Mr. H. L. Godwin as the case may be. The nomination will be by popular vote. This primary is to be under the direction of the State Executive Committee.

Both candidates have expressed their willingness to abide by the decision of the State committee and now the interest in the Sixth will be centered in the primary. The workers of each candidate will get busy at once and endeavor to roll up the largest possible vote.

The committee met tonight with 24 members present and the others were represented by proxy.

Dr. E. P. Wood, assistant state veterinarian, and Miss Jennie Gathright, of Richmond, Va., will be married September 1. The bridal tour will be made through New York State and other northern points. Dr. and Mrs. Wood will be at home at 127 Halifax street, Raleigh, after September 15th.

The annual meeting of the North Carolina County Superintendents' Association will be called to order at Chapel Hill next Tuesday evening at 8 o'clock, and will continue through Friday. An interesting program has been arranged.

MUNICIPAL COURT.

But Two Cases On Docket Yesterday Morning.

Col. F. P. Hobgood, judge pro tem of the Municipal court, only had two offenders before him yesterday morning, both of whom were colored.

Charles Blalock, an old colored man who showed evidence of being about half-witted, was charged with an assault on his wife, Essie Blalock. He hit her on the head with a small wooden box but no damage was done and Judge Hobgood let him off with the costs in the case and the proviso that he report every month to the court showing good behavior.

Mack Harris, who had figured in the court of Judge Collins the day before for an assault on his spouse and had been bound over to the city court for carrying a concealed weapon, a pistol, was taxed \$10 and the costs.

Mack still has to answer to the charge of abandonment before Judge Collins.

Lawn Party At Proximity.

Friday evening, August 26, Rosebud Council, No. 7, Daughters of Liberty, will give a lawn party in the grove opposite the car switch at Proximity, near Summit avenue. The Union Textile band will furnish music.

Lawn Party Tonight.

The public is reminded that the lawn party to be given by the ladies of the Christian church will take place this evening on the lawn at Mrs. Petty's, 818 Walker avenue. The ladies are looking for a large attendance and ample provision will be made to promptly serve cream and cake to all who come. The proceeds from the party will swell the carpet fund. Be sure and come, a welcome awaits you.

HAD TRYING EXPERIENCE.

Tried To Board Moving Train—Lay
Helpless For Hours As a Result.

Ernest King, a young white boy of nineteen hailing from Burlington, met with a very painful accident in the Southern yards Tuesday night and went through twelve trying hours all for the very foolish attempt of trying to board a train that was in motion.

Tuesday night, King, who had come up from Burlington, he says, to see some friends in the eastern part of the city, tried to catch the mixed train number 112, which leaves here at 12:45 a. m. as it passed Sergeant's foundry. The train was moving along rather slowly and King was running along with it, his hands grasping the hand rails, preparing to jump aboard when he struck a switch and he stumbled and fell. His left knee was badly bruised and he was scratched about the face. He managed to get to the side of the track in some grass, near the foundry, where he was forced to remain until yesterday afternoon between one and two o'clock when he hailed a negro carriage driver who carried him to the passenger station. He says that his knee pained him so much that he could not walk and but for some boys who procured him some sandwiches he would have been without anything to eat for the twelve hours.

When he was brought to the station the railroad officials summoned Dr. E. R. Michaux, who dressed his wounds and procured a pair of crutches for him and kind hearted trainmen saw that he received all that he wanted to eat.

King returned to his home in Burlington last night on train number 112 but he went aboard at the station in the usual manner for he says that in his attempt to save a little time by catching the train at the siding he lost just twenty-four hours and was considerably battered up in the bargain.

MR. MILTON CRAWFORD DEAD.

The End Came Yesterday At the Home
After a Long Illness.

Mr. C. M. Crawford, of High Point, died yesterday at 2 o'clock at the Junior Order hospital in that city, where he had been taken about ten days ago. Mr. Crawford had been suffering from Bright's disease for the past two years and his death had been expected for some days. He is well known in Greensboro and is a brother of Mr. John W. Crawford.

Mr. Crawford was 47 years of age and was a native of Alamance county but has been a resident for the past 15 years of High Point where he was in the clothing business up until two years ago when his health failed him. He was unmarried and is survived by his father, five brothers and four sisters.

He was one of the most popular men in High Point and his numerous friends in this city will be grieved to hear of his death. Mr. and Mrs. John W. Crawford went to High Point last night to make arrangements for the funeral which will probably be held in the Methodist church, of that city, this morning at 11 o'clock.

THE WESTERN UNION

MAKING IMPROVEMENTS.

The Western Union Telegraph Company has discarded the gravity system of batteries, the old style with the glass jars and blue-stone and zinc mixture, and installed the most modern storage battery system. The old glass jars that made the batteries before, of which there were fifteen hundred, have been put aside and the Edison storage system put in. The batteries are all located at the Southern station whereas heretofore with the old system part of the batteries were at the station and part at the uptown telegraph office. The uptown office force now has much more room and several more improvements will soon be made. New paper will be put up, a new floor put in and the interior will be repainted. In all the improvements will cost from \$2,500 to \$3,000.

Marriage Yesterday.

Early yesterday morning in the office of the Register of Deeds Judge D. H. Collins united in marriage Mr. George H. Gay and Miss Hallie S. Sales, of Monroe, Va. The groom is a trainman working for the Southern and the bride couple left for Spencer to spend their honeymoon. It was a runaway affair and was witnessed by Mr. W. E. Season From Spartanburg—Winston

Dr. Walters and his able cohorts yesterday administered the second defeat out of the three games played in Spartanburg by the score of 1 to 0. Today the Champs journey to Anderson to play the contenders for second honors a series of three games. Houser or Wallace will probably be pitted against Edmunds or Wehrle. The Champs can beat Wehrle on his own grounds, having knocked him out of the box in the third inning in the last series there.

At Charlotte yesterday the two contestants for the number two position played an exciting game which resulted in the score standing Anderson 1, Charlotte 0. The Electricians return home today to battle the Champs while the Hornets will meet the Pennant Winners on their own grounds.

In Winston yesterday Buck Flowers and Billy Laval were the opposing slabs and a couple of boots by the Pennant Winners and Tiedman's home run for the Twins ended the game—Greenville 2, Winston 4. The Twins will pass through this morning en route for Spartanburg for a series of three games to decide who will battle with the Champs in the wind-up for fourth position.

The fans are coming to the rescue of the owners of the ball club but not as fast as could be wished. Two hundred and twenty one tickets to the coming games had been subscribed up until last night at \$1 each. These tickets are good for admission to either one of the last four games that will be played here next week and mean that the purchasers of the tickets are voluntarily contributing 60 cents on each ticket to the support of the club for the tickets admit bearer to the gate and grandstand.

The tickets are appropriately named "Citizens' Benefit Tickets" for it is a chance given the citizens of Greensboro to show their appreciation to the gentlemen who went to the rescue of the club when it was about to be moved from the city and financed the losing proposition solely for the purpose of giving Greensboro the benefit of the advertising that baseball gives a city.

While the present owners of the club intend to give Greensboro baseball as long as they receive reasonable support, there is a limit to the amount the three gentlemen are willing to lose and it has about been reached.

If Greensboro wants baseball next season they should give evidence of the fact by liberally buying the benefit tickets. A number of voluntary solicitors will be around today and they expect to have at least half of the expected \$1,500 subscribed by night.

The following had subscribed for tickets up to last night:

Dire distress, diabetes, Bright's disease.

Profit by a sufferer's experience.

W. L. Pettigrew, Reidsville, N. C., says: "I heartily endorse Doan's Kidney Pills. I suffered for several months from kidney complaint, the chief symptom being sharp pains across the small of my back. When I stooped or lifted, knife-like twinges darted through my body and as can be readily seen, made it hard for me to work. The kidney secretions were irregular in passage and there was sediment in them. I became easily tired and was languid and nervous in fact, was generally run down. The contents of two boxes of Doan's Kidney Pills effected a cure that has been permanent up to the present time."

DR. OSLER IN BALTIMORE.

Slips in Quietly and Surprises His Friends.

Baltimore American. Dr. William Osler, regius professor of medicine at the University of Oxford, England, and former professor of the practice of medicine at the Johns Hopkins Medical School, arrived in this city late Sunday afternoon, and will leave this morning for Washington. The eminent scientist and physician is the guest of Dr. Thomas Fletcher, the well-known Baltimore physician, who was in attendance on the late Major Venable, at his home, Cathedral and Franklin streets.

In accordance with his usual custom, Dr. Osler adopted measures calculated to keep his stay in Baltimore a secret, and every effort was made to prevent the fact of his presence in Baltimore from getting into the local papers. The Oxford professor arrived here on a return trip from Canada, where he had been spending a vacation with his wife's relatives. While Dr. Osler's main object in stopping at Baltimore is to renew old acquaintances and visit his much-loved Johns Hopkins Hospital and Medical School, it was stated that he also had some minor business engagements.

His brief stay here is one brief continual round of engagements, and as he expressed it to a representative of the American yesterday, "I am simply up to my eyes in engagements and have not one minute to even think."

Yesterday afternoon, in company with Dr. Henry M. Hurd, superintendent of Johns Hopkins Hospital and professor emeritus of psychiatry, Dr. Osler, paid a visit to the hospital, where he labored so long and to which his fame has but added to its own great reputation. With reminiscent eyes, the eminent scientist wandered about the different departments of the great building and he expressed the utmost enthusiasm at the many improvements evident in the institution since he left for England.

When the members of the Johns Hopkins faculty and the hundreds of friends of Dr. Osler learned that he was in town they were astounded. His coming was unheralded and many expressed the greatest incredulity. Dr. Fletcher's home became a Mecca for hundreds and the telephone was ringing constantly with inquiries. For all Dr. Osler had a kindly word, and he was forced to decline many offers of entertainment from hospitable friends.

Despite the fact that he was 62 years old on July 14, Dr. Osler is looking well. It will not be forgotten that several years ago the entire country was thrown into consternation by Dr. Osler's statement that a man was useless after reaching his sixtieth year and that the best thing to do to a man on reaching that age was to chloroform him. The greatest discussion succeeded the statement, despite the fact that it has been constantly reiterated that the learned doctor was only indulging in a little fun, and the newspapers and magazines published columns on the subject. Since that time the doctor's name has been synonymous with the chloroform theory, and the mention of his name usually recalls that incident.

Apparent Extravagance.

He lit his cigar with a ten-dollar bill. Was his pocket depleted? Not through losing this bill, for its value was nil—It was still unrecipited.

I am again able to be up and attend to my work. I shall never hesitate to recommend them." Holton Drug Co.

BURGLAR COULDN'T

SCARE THIS GIRL

Awoke to Find Him in Her Bedroom and Calmly Covered Him With Revolver.

Philadelphia Record.

Through a description furnished by Miss Ella McArdle, of No. 832 Moore street, Frank Sher, who said he lived at Eighth and Porter streets, was arrested by Officer Miller, charged with being implicated in several downtown burglaries, and Magistrate Hughes committed him without bail for a further hearing on Thursday so as to give the police and detectives an opportunity to investigate his record. In testifying Miss McArdle, who is only 18 years old, said she was awakened by a noise in her bedroom and in the dim light saw the accused looking over the jewelry on her bureau.

She said she kept a small revolver near her at night, and, reaching for it, she asked the intruder what he was doing. He looked around and she had the revolver pointed at him. Then he jumped out of a window to the shed roof, and when she heard him land on the ground she called her mother and three brothers. The matter was reported to the police, and Special Officer Miller captured Sher. He said the prisoner had in his possession a number of keys, several pieces of candle, a pair of pliers and a steel instrument such as the police say is used as a jimmy. Mrs. Sarah Lieberman, of No. 608 Mifflin street, and Mrs. Beckie Worders, of No. 1828 South Seventh street, attended the hearing and had a good look at the prisoner. They said he was the same man who had entered their homes some days ago, and the police said they were trying to connect him with a number of robberies in the downtown section of the city.

has had one frightful drawback—malaria trouble—that has brought suffering and death to thousands. The germs cause chills, fever and ague, biliousness, jaundice, lassitude, weakness and general debility. But Electric Bitters never fails to destroy them and cure malaria troubles. Bismarck and His Dog.

Sultan, Prince Bismarck's favorite boarder, attacked a passing railroad train and was cut to pieces. Bismarck's grief over the dog's agonies was such that his son Herbert tried to lead him away, but the prince would not go. "No, I cannot leave him like this." Then, when the dog's sufferings were over, Bismarck wiped his eyes and murmured: "Our Teuton forefathers showed benevolence in their religion. They believed they would find in the hunting grounds of their paradise all the dogs that had been their faithful comrades here below. I wish I could believe that."

Marriage Music.

During my school days I met the late Professor Prout, who was as full of fun as he was of musical lore. It is said that at a wedding at which the late Dublin professor was presiding at the organ he played the happy couple in with "Wretched Lovers" and out with "Father, Forgive Them, For They Know Not What They Do." From "Fifty Years' Reminiscences of a Free Church Musician." by E. Minshall.

Ghosts Around

By M. QUAD

Copyright, 1910, by Associated Literary Press.

Old Peter Baines had lived alone on the outskirts of Taylorsville for a dozen years, attracting no attention. Then some villager saw a ghost. Peter asked the full particulars and was thenceforth considered a believer in ghosts.

Next he inherited \$15,000; then his neighbors began to pay him marked attention.

Miss Nancy Beebe, an old maid of nearly forty, had never married because she was homely and had no money. Miss Prudence Higgins was in the same fix. The widow Henderson could marry again if she had a couple of thousand; so could the widow Drew. Mrs. John White was a married woman, but while her husband was a carpenter she had aristocratic tastes and couldn't carry them out for the want of money.

These five women not only heard that old Peter believed in ghosts, but each one arranged her program to have a ghost pay him a midnight visit. He hadn't got his money yet when one night at the most solemn hour and while he was sleeping with his window open a scratching on the casing awoke him to ask what was wanted. It was the first night he had ever been disturbed.

"Peter," said a hollow voice that started the sweat on him, "Nancy Beebe is very unhappy."

"Is that so?" he replied.

"Yes, and it rests with you to make her happy. I am the ghost of her dead mother. I charge you to give her the sum of \$2,000 as soon as you get your money. She will marry, and she will bless you. Fall not, Peter—fall not—lest the smallpox comes to you!"

"She shall have it," replied Peter as he looked out of the window and saw an object in white gliding away. On the next night he was wide awake, but lying on his bed, when a second ghost paid him a visit. He had figured that there was more than one ghost in the world and that there might be another caller. He heard a soft rustling, a cold breeze blew in at the window, and a scary voice announced:

"Peter Baines, do good with your money or you will be found dead. Prudence Higgins is a sad, sad girl. She may commit suicide. If she does you will be to blame for it. You can save her life and make her happy by giving her \$2,000. Do it, Peter, and live to be a hundred years old."

"Yes, I'll do it. I want to live to be a hundred. What ghost are you?"

"Her grandmother's."

And another white object floated over the grass and through a gap in the fence and was swallowed up in the gloom of night. Some men would have gone around telling what they had seen, but old Peter kept a still tongue and prepared himself for other visits from other ghosts. Where there were two there must be three, the same as crows. He reasoned correctly. On the third night a third ghost appeared. She was being waited for, and old Peter was not so badly scared when a voice reached his ear, saying:

"Peter, grim death is all around you! It flies on wings and stalks on legs. It looks for a victim. It stands at your gate and stares at your house."

"But tell it to pass on," replied Peter.

"I want to live to be a hundred years old."

"Then do as I tell you. You know the widow Drew. Make her happy. Give her a chance. When you get your money give her \$1,000. It is little to you, but much to her."

"Wouldn't a hundred do?" asked old Peter as he began to feel stung.

"Shall I beckon to death to come and enter this window?" menaced the ghost.

"No, no, no! The widdler shall have her thousand. I didn't know but a hundred would do, but I see it won't. Whose ghost are you?"

"That of a gypsy woman who was murdered. Beware of my anger. Do not play me false. I go—I go—I go!"

And she "goed." She seemed to get hung for a moment in the gap, and the old man thought he heard the ripping of cloth, but she got clear and disappeared before he was sure. He didn't want any more ghosts in his. He had seen three and promised \$5,000 out of his legacy. The pace was too hot.

Next night he shut and nailed down the window, but it was in vain. The fourth ghost came and announced that he must provide for the widow Henderson or prepare to be haunted all the rest of his life by evil spirits. He hung off for a few minutes, but the sighs and groans and scratchings on the glass were too much for him. The widow Henderson was to receive \$1,500 in cash.

On the next night old Peter took some bedding and lay down under the currant bushes, where no fifth ghost could find him. He kept wide awake and alert. At midnight he saw ghost No. 5 appear. She glided for his bedroom window. She was just about to appeal to him when four other ghosts showed up. The five stood and looked at each other for a moment. Then human voices were heard calling names. Then human hands were felt moved, and the five ghosts were clawing and scratching and mixing things up, and when the scrap was over old Peter turned out of his nest and found five badly torn and muddled bed sheets lying on the grass, along with combs hairpins and other things. None ever came back, and he saved his cash.

Who was it that said Hoke Smith couldn't come back?

There is evidence that the Georgians are awakening to the mistake they made two years ago when they turned down Hoke Smith.

The Republicans nominated Sherman to conciliate the old-liners and they oughtn't to feel disappointed because he comes up to specifications.

The insurgents among the Georgia Democrats carried the day. Everywhere it is seen that to stand pat is to run the risk of dry rot. Standing pat is going backward instead of forward.

Georgia is such a rock-ribbed Democratic state that the people down there use the terms "primary" and "election" interchangeably in referring to the Democratic primary.

The President now favors further tariff revision. He has evidently revised his opinion, previously voiced, that the present tariff is the best ever. Mr. Taft is more of a follower than he is a leader.

The Asheville Gazette-News is still firmly declining to eat crow. It is fighting Butler and Morehead as hard since the convention as it did before. Apparently it does not see much hope for the Republican party in North Carolina under its present leadership.

One of the tokens that this is a Democratic year Congressionally is found in the fact that ex-Representative Joseph C. Sibley announces his retirement from the race for election in the Twenty-eighth Pennsylvania district. He paid \$42,500 to get nominated. Certain elections in New York and Massachusetts had evidently convinced him that this wasn't a good year for him to try to get back into Congress.

With respect to that further tariff revision in favor of which the President announces himself, will not the revising be done, as usual, by the friends of the tariff? No doubt it is fair to assume that such will be the case. Consequently the Democrats can make tariff reform their slogan without any fear of the Republicans making any substantial headway with stolen campaign thunder.

The large number of people who were able to take the trip to Atlantic City from Greensboro indicates that times are getting good. Certainly there is a fair degree of prosperity here now. We understand that trade has held up with the merchants this summer rather better than usual and this circumstance indicates that the people generally are making ends meet and are having something over. The fall should find business brisk in Greensboro and we think it will.

It is encouraging to note that the Chamber of Commerce is alive to the necessity of showing a desire to have the proposed auxiliary plant of the Southern Power Company for this section located in Greensboro. It was announced once that it had been definitely decided to locate the plant here. But since that time the backers of the enterprise have changed their minds and the matter is still open. Greensboro should go after the plant with a degree of earnestness that would impress the officials of the Southern Power Company. It is possible, of course, that the plant would be located here whether or no, but the matter is too important for any chances to be taken on it.

Some people come to grief almost as regularly as an undertaker.

HUMORIST TELLS HOW

HE BECAME HANDSOME.

To be handsome is not always to be good, but there is surely no harm in being handsome if you can become so without spoiling your face. For years I was considered homely. My best friends admitted it and my enemies made unkind references to it. I knew that there were dermatologists who were perfectly willing to give silver bridges to bridgeless noses, dazzling brilliance to lack-luster eyes and ravishing outlines to hideous profiles, but I did not care to go to the expense. I determined to be my own dermatologist.

I have drawn an outline of my profile as it was before I began to work on my face. It will be seen that, while intellectual, it was not handsome. My ear was too long and my nose too like a toe, while my brow needed building up and my chin pushing forward. My eye, while not beautiful, had character, and I decided not to alter that, but the other features needed manipulation.

I began with my nose. When I went to bed I lay on my back with a flatiron bound to my nose. It was painful at first, but I soon got used to it, and day by day my nose changed its shape until at last it was perfect. I next tried sleeping standing up in a specially prepared bed, with heavy weights hung to my chin. This had a tendency to bring my chin forward. Luckily I was out of a job, so I was able to do my sleeping in the daytime. To give myself a high brow I made a hat like those used by hatters to ascertain the size of the head. This I screwed on my head on retiring, increasing the pressure each night. I also took double doses of headache powders, as I needed them. As I look back it does not seem more than six months that I labored with my visage, but my diary tells me it took a year.

I append a profile of my face as it was after I had secured beauty for myself. The difference between the two profiles is great and the torture was great but it is certainly pleasant to hear people say whenever I appear in public: "Who is that strikingly handsome man?"—Charles Battell Loomis, in *De-Lin*.

Lindley Park.

The bill on at the park theatre for the closing week is an extra good one. Trask and Gladden in an up-to-date refined singing and dancing act—you have all seen dancing but this is the best dancing act ever put on in Greensboro. Miss Bessie Babb in her song-a-logue is very clever and is making a decided hit with the park patrons. The pictures are new and interesting.

Building Permits.

Building Inspector Milton has issued a permit to Jones & Taylor to improve the store of Brown Belk Co. by putting in a new front and inside changes. The estimated cost is \$1,500. The above concern also secures a permit to change the front of another of their stores on South Elm, the cost being \$500. Mr. J. Ed Albright secures permit for the erection of a residence on Wainman street. The estimated cost is \$3,500.

Alarm Box Repaired.

Fire Alarm Box, No. 25, located at the corner of East Market and Clinton streets, which has been out of commission for several days, has been repaired and is now in perfect working order. The box was burned out some time ago and had to be sent to the factory to be repaired. It was replaced yesterday.

Picnic This Afternoon.

The Sunday school of the First Reformed church will picnic at Lindley Park this afternoon. Special cars will leave the church at 3 o'clock and go direct to the park. At 6:30 supper will be served, followed by a watermelon feast. All the children are requested to meet at the church by 3 o'clock.

DOMESTIC ECONOMY.

Feeding a Family of Five on \$4 a Week.

"My husband," said the woman with the optimistic face, "gives me \$4 a week for keeping up the table for our family, and it is simply wonderful how we do it."

"I should think so," observes the woman with the grim smile. "How big a family have you?"

"My husband, myself, three boys and one girl."

"And you keep up your table with \$4 a week? What do you have?"

"For breakfast we have a cereal, fruit, coffee and sometimes bacon and eggs; for luncheon cold meats or croquettes or something made of the leftovers from dinner the night before and a simple dessert; for dinner we have a soup, chicken or roast meat, two vegetables, a salad, coffee and a dessert."

"My goodness! What prices do you pay for groceries and meats?"

"Mercy me! I never ask. I just telephone to the grocer and meat man and tell them what I want, and my husband gets the bills the first of the month."

"But I thought you said he allowed you only \$4 a week?"

"So he does, and by charging nearly everything, do you know, I actually save \$8 or \$10 a month from that allowance!"—Judge's Library.

THE ENGLISH NAVY.

Fighting Ships Used to Be Hired Out in Times of Peace.

In the earliest times of the British navy there was practically no distinction between the merchantman and the man-of-war. In the rare times of peace men-of-war traded as merchantmen, while merchantmen always went armed. Thus in time of war the trader became the warship, and vice versa. From the time of the conquest and probably earlier down to the days of Elizabeth this was the ordinary practice. Elizabeth hired out ships of the navy for all sorts of purposes, from piracy to slave trading, taking her share of the profits when the venture was successful and disclaiming all responsibility when it wasn't.

Henry III., who may be described as the originator of the navy as a special fighting force, hired out the ships specially built for the navy in times of peace and even allowed them to be taken away from their appointed stations provided that the hirers deposited due security for the return of the ships with their tackle and all equipment in a proper state of efficiency. The practice ceased after the repulse of the Spanish armada, when the fighting ships, as such, became distinct from the trader.—*London Globe*.

IMPORTANT MEETING OF
MINISTERS AND LAYMEN

This Morning To Plan For The Biederwolf Meeting.

An important meeting of the ministers and laymen of the city churches will be held in the Sunday school room of Grace M. P. church this morning at 11 o'clock for the purpose of deciding on plans for securing necessary funds to insure the coming of Dr. Biederwolf, the noted evangelist, to this city. About \$1,000 will be needed to meet the actual expenses of the meeting, in addition to the amount needed to equip a suitable hall. While nothing has been decided on it is likely that the committee will report in favor of the auditorium, provided it can be secured, and have a partition put in the middle of the building. At the meeting this morning it will be determined whether or not the churches of the city can guarantee a fund sufficient to bring the evangelistic party here and Dr. Biederwolf will be notified to come on if it is deemed advisable. In case this is done the several committees will be appointed to arrange for this great revival.

ASHEVILLE TO BE

NEXT MEETING PLACE.

Wilmington, Aug. 24.—The State Council, Junior Order was in session tonight until after midnight at Tarrymore hotel, Wrightsville Beach. Asheville will be chosen as next place of meeting and L. T. Hartsell, of Concord, State Councilor. Today's sessions were largely taken up with reports, which have already been printed. State Councilor W. Ben Goodwin is presiding and about 300 delegates are in attendance.

HELMES VS. HOLTON CASE.

Jury Returned Verdict In Favor of the Plaintiff Yesterday Afternoon.

In Guilford Superior Court yesterday afternoon the jury in the case of J. D. Helms vs. C. E. Holton, returned a verdict in favor of the plaintiff. Mr. Helms was seeking to compel the defendant to meet certain notes he had made in favor of the plaintiff, the amount being \$6,000. The defendant admitted the execution of the notes but put up a counter claim and alleged that the plaintiff made fraudulent representations in securing his signature to the notes. The jury found that these charges were not sustained.

This is the fourth time the case has been before a Guilford county jury. The first time there was a mistrial, the second the verdict was set aside on the grounds that one of the jurors had talked with the defendant while the trial was in progress. The third time the case was appealed to the Supreme court, which tribunal sent the case back for another trial. It is practically certain that the defendant will appeal the case and carry it before the Supreme court for the second time.

The case went to the jury about three o'clock yesterday afternoon and in a few minutes they returned a verdict as above stated.

The case of Geo. W. Pritchett vs. Greensboro Supply Company was then taken up and the trial was in progress when court adjourned for the day.

Death of a Baby.

The one year old baby boy of Mr. and Mrs. J. M. Brady, of Revolution, died at the home of its parents Tuesday night and the remains were carried to Chatham county yesterday for burial.

ENJOYABLE OCCASION.

Misses Blaylock Entertain In Honor of Their Cousin.

Last evening at the home of Mr. and Mrs. S. G. Blaylock, 323 West Lee street, their daughters, Misses Myrtle and Annie, entertained most delightfully a number of friends in honor of their cousin, Mr. H. H. Swann, of Newport News, Va. The home was beautifully decorated for the occasion.

Numerous games were participated in, after which delicious ices, cakes and fruits were served. The hours were 8:30 to 11. Those present were:

Misses Lake-Whitt, Fannie Stanley, Mayme Fountain, Koze Whitt, Pearl Trotter, Pearl Vance, Clea Whitt, Lucile Whitt; Messrs. Tyson, Cherry, Swann, Walter and Victor Whitt, Thomas, Clarence and Richard Crutchfield, Bynum Lamb, Charles Davis and Rev. Shuford Peeler.

Resolutions of Respect.

Whereas, In the providence of God we have been called to mourn the death of our faithful and beloved friend, Mrs. Georgiana Raoul Horry, we, the members of the Woman's Auxiliary, and of the Guild of the Holy Trinity Parish, desire to place upon our records some memorial of our appreciation of her life and labor among us.

While our hearts are deeply saddened by the loss of her presence we feel that her spirit is with us still and we esteem it a privilege to have had our lives touched hers. Gentle in birth and bearing, strong in faith and purpose, her life was crowned by the devotion of her children and the admiration and affection of her friends. She moved among us as one who sought through years to reach out and touch again a vanished hand, and those who looked upon her as she slept that last sweet sleep saw in the tender, peaceful, lovely face a faint suggestion of the happiness of that reunion into which she had entered on the heavenward shore.

"The love of noble souls encompassed her

The love of tender daughters cherished her.

Till God's love set her at his side again."

ELIZABETH A. BALLARD,

MARY SETTLE SHARPE.

RESOLUTIONS OF RESPECT.

At the regular meeting of Proximity Lodge, No. 158, Knights of Pythias, the following resolutions were adopted:

"As God has seen fit to call the beloved father of our brother Jas. Aldredge to a better home in Heaven where no pain nor sorrow is known:

First—Be it resolved that we extend our heartfelt sympathy to our brother and commend him to our Heavenly Father who doeth all things well.

Second—That a copy of these resolutions be sent to Brother Aldredge and a copy spread on the minutes of our lodge, K. of P., and one mailed to The Telegram for publication.

Clock Stopped.

The people who looked at the clock in the court house belfry yesterday found that the time always read 9:37. The cause of the trouble is the snapping of a spring attached to the pendulum which broke yesterday morning. City Timekeeper J. B. Ellington says that he can not possibly remedy the trouble before this afternoon and possibly the broken part will have to be ordered and it may be ten days before the "poor man's watch" will be in running order.

INNS OF CHINA.

A Knock That Wrecked a Door and Raised a Rumpus.

Some of the inns of modern China are badly built. The correspondent of the London Times in traveling across the country recently had this experience: "At only one village had I any difficulty. We were marching late in the dark, and I had sent my groom on ahead to find me an inn, as he had often done before. He entered the village, and finding the large inn door closed, he called out to the people to open it. But his Peking speech is not easily understood in Kansu, and no one answered him. Then he knocked, and to his dismay the crazy door fell down. Immediately there was a row. The innkeeper and his vociferous spouse shouted out their wrongs.

"Every one came into the street to hear: the whole village was roused. When I arrived it seemed like a demonstration in my honor. As is the custom, a dozen people together told me what had happened. I soon satisfied every one by first examining the damage and then paying compensation in full. I paid 100 cash (rather more than twice), and my generosity was approved.

"The structure thus damaged reminded one of the jerry built houses familiar to students in Edinburgh, where it is on record that a lodger once complained to his landlord that the ceiling in his room had fallen down. 'But how do you account for that?' asked the landlord. 'Somebody in the next flat sneezed,' replied the lodger."

A RECORD IN HITTING.

Deleahanty's Four Homers and a Single in Five Times at Bat.

The baseball expert Hugh S. Fullerton, in an article on "Batting" in the American Magazine, describes as follows the greatest hitting feat recorded, executed by Ed Deleahanty, and which it was his good fortune to witness:

"Adonis Terry was pitching—a great pitcher with a wonderfully fast curve ball—and three of the home runs were made off the curve. The first time at bat Deleahanty hit the ball high over the right field fence, perhaps seventy feet from the foul line, which would be 245 feet from the plate, and the fence was thirty-five feet high. The second time he hit over the same fence, but farther toward center field. The third time he drove a single over short stop, a line hit and perhaps the hardest hit of all. Dahlen, leaping, touched the ball with both hands. They were torn apart and the ball caromed almost to the left fielders before it struck the ground. The next home run was straight to the center field between the clubhouses, nearly 400 feet away. The last time he came to the bat the crowd was cheering him on. Lange retired between the clubhouses, which were set at angles. Deleahanty hit a curve ball. It alighted on the roof of one clubhouse, bounded to the roof of the other and rolled halfway back to the second baseman. And yet Chicago won the game—8 to 6.

Doubling Her Capacity.

"I want a nurse girl who is capable of taking care of twins," said a woman to the manager of an employment agency.

A dozen maids ranged against the wall were questioned as to their familiarity with twins. Finally one girl produced documentary evidence that for the last five years most of her waking moments had been spent in the company of twins. She got the job. When she reported for work in the afternoon she was introduced to but one infant.

"Where is the other one?" she asked. "Oh, there are no twins about this house," said her mistress. "I just said twins so I would be sure to get a competent nurse. Any girl who is capable of handling two children can give extra good care to one. That's a little ruse I always employ when I hire a nurse."—New York Times

Mrs. N. C. Weatherly Will Do a Strictly Cash Business.

After September 15, Mrs. Weatherly will discontinue the credit business and sell strictly for cash on delivery. This step will be of mutual benefit, for it is evident, that if no money is put out for stationery, postage, collectors per cent and no lost accounts, she can sell goods much less than any house running on the credit system. Her goods will be marked for cash and sold for cash only. Mrs. Weatherly wishes to take the opportunity to thank the ladies for their liberal patronage and solicit a continuance of the same under the new cash system.

HOME FOR GIRL WHOM UNCLE TRIED TO STARVE.

Alice O'Neil, Rescued Member of Queer Religious Sect, Will Be Cared For in Brooklyn.

New York World.
Los Angeles, Cal., Aug. 22.—The authorities here learned from Alice Griffin O'Neil that John Irving O'Neil, who died here Saturday from starvation, was formerly a Baptist minister in Dallas, Texas, and that the girl is a niece of Dr. George A. Griffin, of Brooklyn. Mrs. Nellie E. Boyle, with whom he lived here, was one of his converts to the Holy Roller faith.

Dr. George A. Griffin lives at No. 430 Third street, Brooklyn, and is an optician employed by E. C. King & Co., of Cleveland.

When seen last night Dr. Griffin had just returned from Cleveland and had heard nothing of O'Neil's death. As soon as he was told of it by a World reporter he hastened to a telegraph office and wired money for his niece and sister to come to make their home with him in Brooklyn.

Dr. Griffin said that O'Neil was his brother-in-law, and that when about ten years ago his brother died, O'Neil took the brother's daughter, Alice Griffin O'Neil, and adopted her.

According to Dr. Griffin, O'Neil was in the wholesale liquor business at the time of the adoption of the Doctor's niece, and was employed by Horsman & Sanderson in Manhattan. Shortly after this O'Neil left that firm and went to work for Bell & Co., in Paterson, N. J.

When it became apparent that O'Neil was disgusted with his business, Dr. Griffin says he advised the man to go into some other line of work. O'Neil did and went to Dallas and became a successful optician and made about \$10,000. This was about five years ago.

Dr. Griffin said that O'Neil, though a bright, clever man, seemed at times a little queer and was religiously inclined. He said that three years ago he received a letter from O'Neil in which his brother-in-law told him he had been ordained a Baptist minister, and had been given a church at Bisbee, Arizona.

O'Neil's chief interest in his church work in Bisbee was among the drunkards, especially those wearing overalls. This line of work was displeasing to his parishioners and O'Neil had to leave Bisbee. He then went to Los Angeles.

Dr. Griffin said that the last time he heard from his brother-in-law was about six months ago, and that he had no idea that O'Neil was in straightened circumstances.

John Irving O'Neil was born in Kingston, N. Y., in 1868. A brother, Mathew Griffin O'Neil, lives in Dallas. Another brother, Clifford O'Neil, is an architect and lives in San Diego, Cal. His grandfather was Mathew Griffin, a noted man of the Catskill Mountains and founder of the towns of Griffin's Corners. An uncle lives in Albany and owns the Delavan House, and another uncle is a minister living in Washington, D. C.

A SHOWER OF METEORS.

World is Passing Through the Remains
of an Old Comet.

Everybody seems to have lost interest in comets, notwithstanding the fact that we are even now thought to be passing through the remains of one of them.

People have noticed the number of shooting stars to be seen at night lately without getting the full extent of fun out of it.

Major H. H. Hersey says the perseids, in the middle of which the earth now finds itself, are nothing more than fragments of some bygone comets which have gotten so into the habit of careening around and around the sun in a certain beaten path that they just can't stop.

All along this orbit of perseids are scattered bits of comet that take fire when they come into contact with the earth's atmosphere. We will go through the main bunch of these meteors Sunday night.

This shower of meteors is known from the fact that they all appear to come from the region of the constellation Perseus. The earth cuts this former comet's orbit every year about this time. Some people swear that during the period of shooting stars unusual things are sure to occur and, in fact, it really has happened that for two days now there has not been a temperature of more than 100 at any place in the United States, which is the first time this summer this could be said.

Struck a Rich Mine.

S. W. Bends, of Coal City, Ala., says he struck a perfect mine of health in Dr. King's New Life Pills for they cured him of Liver and Kidney Trouble after 12 years of suffering. They are the best pills on earth for Constipation, Malaria, Headache, Dyspepsia, Debility. 25c at Fariss-Klutznick Drug Co.

Dividing the Estimates.

Patience—Have they counted the newly wedded couples as one or two persons?—Red Hen.

From Sickness to "Excellent Health."

So says Mrs. Chas. Lyon, Peoria, Ill.: "I found in your Foley Kidney Pills a prompt and speedy cure for backache and kidney trouble which bothered me for many months. I am now enjoying excellent health which I owe to Foley Kidney Pills."—Holton Drug Co.

BURNING MONEY.

American Sportsman is Cutting a Wide
Swath on Other Side.

London cor. N. Y. American.
Harry Payne Whitney is setting a fast pace in the matter of elaborate and expensive sport on the grouse moor, and it is said that he is spending \$50,000 to insure a good time for the guns over Holwick Moors. More than one hundred beaters have been engaged a day's sport. The party then goes to York for the Gimcrack stakes on Thursday, and will return to New York the last of the month.

Mr. Whitney, with his wife, their two children, and Mrs. Burden and Payne Thompson, arrived on Sunday on the Celtic. Their voyage was marked by gorgeous display on the part of the millionaires and their friends. It is stated that immense sums were spent for daily supplies of fresh flowers in the various suites. They mixed freely with the other passengers, and displayed a wealth of jewels. It is said that an ecklace worn by Mrs. Whitney is valued at \$50,000.

Staggers Skeptics.

That a clean, nice, fragrant compound like Bucklen's Arnica Salve will instantly relieve a bad burn, cut, scald, wound or piles, staggers skeptics. But great cures prove its a wonderful healer of the worst sores, ulcers, boils, felons, eczema, skin eruptions, as also chapped hands, sprains and corns. Try it, 25c. at Fariss-Klutznick Drug Co.

The Ways of Worth.

"That stock you want to sell to me is worthless."
"It's been worth a lot of money to me," replied the honest promoter—Philadelphia Ledger.

Acute or Chronic—Which?

No matter if your kidney trouble is acute or chronic Foley's Remedy will reach your case. Mr. Claude Brown, Reynoldsville, Ill., writes us that he suffered many months with kidney complaint which baffled all treatment. At last he tried Foley's Kidney Remedy and a few large bottles effected a complete cure. He says: "It has been of inestimable value to me." Holton Drug Co.

Have You Ever Said: "I don't see how all the Magazines live?"—

Undoubtedly you have. Probably you have often stood before some news stand and wondered what magazines to buy. There are a lot of magazines. Most of them are mighty good and most of them live because they are good.

But there's one magazine that not only lives but GROWS. There are fifteen or more good reasons for this in every issue. These reasons are its "unbeatable" features—the special articles obtained at enormous cost—the best fiction in the world—and its powerful, sincere editorial purpose.

The September number for example: Every feature is a big one. It is actually stuffed with big, vital news—information that you ought to have, articles that explain things, stories that every member of your family will read with intense delight. Here are some of the extra good things:

Splendid Fiction. Stories—fine ones—by Arthur Stringer, Alice Brown, Mary Heaton Vorse, George Fitch and John Fleming Wilson.

"The Tooth Tinkers"—An account by Roy L. McCardell of "Painless Parkers" and their swindles.

"The Czar of Footwear"—Startling facts—all brand new—about the Shoe Machinery Trust, by Judson C. Welliver.

"In Reno Riotous"—A great story of the Johnson-Jeffries fight, by Harris Merton Lyon, filled with personality, crowded with local color, and illustrated just right.

The magazine that not only lives but grows is the magazine that is giving to the country "Peary's Own Story," a \$50,000 feature; it is the magazine that is publishing the first English translation in America of M. Rostand's world famous drama "Chantecler." It is "the Best Magazine in America" and it is called
